ASEEM Portal – Demand Aggregation made easy

Aatamanirbhar Skilled Employee Employer Mapping (ASEEM) acts as a directory of skilled workforce. The objective is to provide a platform that matches supply of skilled workforce with the market demand, thereby facilitating better livelihood opportunities. The portal also acts as an aggregator of the manpower demand which is put by the industry for each of the sector.

The above pie charts indicate the overall demand data (left) posted by the industry and the supply data (right) of the trained manpower available state wise.

FFSC team had a discussion with the ASEEM team for integration of the demand data and offline collection of demand from the Industry partners. Industry partners can go to the [ASEEM Portal](#) and create a login to post the location wise demand and obtain the details of the available trained candidates on the portal.

1st Meeting of the Engagement Sub-Committee of FFSC

The formation of new sub-committees of FFSC during the 19th Governing Council meeting saw a great response with industry leaders taking charge of the key positions.

The 1st Meeting of the Engagement Sub-Committee of FFSC was held on 8th January 2021 through video conferencing with participation of industry experts who have been nominated to the sub – committee.
