

# Skills In – Sight

**Volume: 10**

**Date: 22<sup>nd</sup> January 2021**

## Prologue:

**Skills In-sight:** This is an initiative launched during 5th Annual General Meeting (AGM) of FFSC with an objective to provide insights into the skill ecosystem in short bytes and keep stakeholders updated. The weekly update will share the major activities and initiatives which the council has initiated in the week.

## Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 3.0 – Key Highlights

PMKVY 2.0 has been instrumental in bolstering the skilling ecosystem and with PMKVY 3.0, skill development will usher in a new paradigm with focus on demand-driven skill development, digital technology and Industry 4.0 skills. The Government’s growth agenda is guided by ‘Aatmanirbhar Bharat’ and ‘Vocal for Local’ vision.

PMKVY 3.0 is a progressive step towards achieving the vision by establishing increased connection at state, district and block level. With the advent of PMKVY 3.0, the focus is on bridging the demand-supply gap by promoting skill development in areas of new-age and Industry 4.0 job roles. While the National Educational Policy puts focus on vocational training for a holistic growth and increased employability, PMKVY 3.0 role will be a propagator of vocational education at an early level for youth to capitalize on industry-linked opportunities

## Skill Ambassador Campaign: Recognition of Prior Learning (RPL)

FFSC sessions in the last phase are ongoing in various locations for **Assistant and Lead Carpenters** with participation from Industry and Academic experts who attend online via video conferencing.

FFSC Team takes the **orientation session** for the candidates by covering the introduction of the skilling ecosystem, COVID-19 protocols to be followed, soft skills, details of the PMKVY scheme its benefits and opportunities through RPL certification.

## SANKALP Workshop on ‘Decentralization in skill development and roles & opportunities for Sector Skills Councils (SSCs)’

Building adequate capacities at the grass-roots levels for identifying employment opportunities early and anticipating skill requirements at the level of districts is critical for an outcome-focused skills training system. Decentralized skill programme formulation and implementation would systematically capture demand, which, in turn, would result in supply rearranging itself to meet this demand.

The State Skill Development Missions (SSDMs) were launched in nearly all states to manage their skill development. Most states have also created designated district committees (generally called DSCs, but known by different appellations across states) to manage skill development. DSCs are composed of district-level government officials of various departments. Besides, a DSC can also co-opt local chambers of commerce and industry, civil society organizations, etc.

SANKALP team has been working on capacity building of DSCs to enable them take up demand driven skill development planning for their respective districts. Sector Skill Councils (SSCs) being industry lead bodies can work with DSCs to create this market-oriented skill ecosystems in the districts. SANKALP team organized a workshop on 19<sup>th</sup> January 2021 for all the SSCs with a view to set this mechanism through which the DSC - SSCs can work effectively towards this objective.

### Sankalp Training Project:

Fundamentally this program is made to serve the purpose of Certifying people who are employed by Gram Panchayat on a full-time or job work basis. The certified candidates will get all the benefits under RPL in addition to Upskilling Training i.e., Government Certificate, Kit, Insurance, etc.

FFSC has been allotted 1000 numbers to conduct 42 hours RPL Bridge program in the 2 districts of Varanasi and Chandauli.

Till date, FFSC has been able to complete the training of 519 candidates together in Sewapauri (Varanasi) and in Niamtabad (Chandauli).
